

Weapons

What are silvers/silver weapons?

A silver is a weapon that is extremely rare, and much better than their non-silver counterpart.

The difference between a silver weapon and its regular counterpart is that a silver has exactly two times the **base** stats of its non silver counterpart.

For Example: A regular Gladius' base attack is 50a, while a Silver Gladius's base is 100a.

There are two basic categories of silvers. They are:

Minor Silvers

- Silver Staff (SS)
- Silver Weird Knife (SWK)
- Silver Pike (SP)

- Silver Elf Bow (SEB)
- Silver Tail Whip (STW)
- Silver Giant Maul (SGM)

Major Silvers

- Silver Gladius (SG)
- Silver Masamune (SM)
- Silver Amini Club (SAC)
- Silver Jaguar Fang (SJF)
- Silver Sea Slips (SSS)
- Silver Titan Blade (STB)
